Education

Raajdhani Engineering College

Bachelor of Technology in Computer Science CGPA: 8.2

May 2021 – May 2025

Bhubaneswar, Odisha

Technical Skills

Frontend: React, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication

Databases: MongoDB

Programming Languages: Java (Data Structures & Algorithms)

Developer Tools: Git, GitHub, Postman, VS Code

Relevant Coursework

- DSA
- Oops Concepts
- Software Engineering
- Operating Systems
- Computer Networks
- DBMS

Projects

Blogify | [Link](#)

October 2025

- Built a full-stack blogging platform using **React**, **Tailwind CSS**, **Node.js**, **Express**, and **MongoDB**, enabling users to **create, read, and delete** blog posts seamlessly with secure authentication through **JWT**.
- Implemented a **clean, responsive UI** with Tailwind CSS for smooth performance across devices.
- Designed and deployed secure **RESTful APIs** with Express and MongoDB to manage blog content efficiently.
- Integrated **dynamic routing** using React Router DOM for seamless navigation between posts.

Yoom | [Link](#)

September 2024

- Developed a robust **video calling app** using **React**, **Tailwind CSS**, and **ShadCN UI**, with secure authentication through **Clerk**.
- Implemented seamless **video streaming** with the **Stream API**, ensuring smooth, real-time interactions.
- Designed an intuitive UI with features for **scheduling, recording, and managing meetings**.
- Ensured data privacy using **encryption** and secure authentication mechanisms.

LiveDocs | [Link](#)

October 2024

- Built a real-time **collaborative document editor** using **React**, **Tailwind CSS**, and **ShadCN UI**, with authentication powered by **Clerk**.
- Implemented **real-time collaboration**, allowing multiple users to edit documents simultaneously.
- Developed **commenting and tagging features** to enhance team discussions and coordination.
- Added an intuitive **share functionality** for seamless document access and permissions.
- Enhanced the editing experience using the **Lexical Editor** for smoother, modern text manipulation.

Achievement

- Solved **600+ problems on LeetCode**, demonstrating strong algorithmic and problem-solving skills.
- Achieved a ranking of **1400 out of 24,800 users on LeetCode**, reflecting dedication and consistent performance in competitive programming.
- Enhanced **coding speed and accuracy** through consistent practice and participation in contests.
